

Kiwi Life Cycle

Instructions:

1. Cut out the life cycle stages opposite.
2. Order them and glue them in the right order.
3. Cut out the long strip of the ordered life cycle and fold it up on the dotted lines.
4. Colour in the kiwi.
5. Cut across the kiwi on the line.
6. Glue the life cycle strip onto the back of the kiwi halves.
7. This is what your kiwi should look like glued together:
